

Announcement of Rajamangala University of Technology Isan on Honest Intention, Integrity and Transparency Promotion in the Workplace

Rajamangala University of Technology Isan pursues anti-corruption including boosting and supporting staff at all levels to have consciousness in all kinds of anti-corruption, building transparency in working as well as effective administration. These create faith and trust for clients. To announce the intention on honesty and transparency in the administration of Rajamangala University of Technology Isan in order to be a practical guideline as follows:

1. Transparency:

University discloses the information truthfully, correctly, clearly, and currently. People and public can access the information rapidly so they can monitor the performance according to the policy announced to the public and the stakeholders are given opportunities to participate in the operation.

2. Accountability:

All university staff must be on conscientious with their missions and responsibilities by considering the success to clients and stakeholders. So university proposes the action plan annually and announced the evaluation process of the previous action plan.

3. Corruption-Free:

All staff of RMUTI must not do any acts that show their self-seeking in unlawful benefits in their works and must serve without discrimination to every client.

4. Integrity culture:

There are the evaluations about the intention to promote and implant each agency to work with honest behaviour and anti-corruption, including with to introduce measures, processes, and systems against the conflict of interest, and to promote any agency to work with integrity and ethics.

5. Work Integrity:

There is the evaluation of process in working of any agency to show the important of performance supervision according to working manual or standard, and administer by focusing on mutual benefits with good governance, transparency and equity in administration.

Announced on 29th November 2017
